As woe begone a widower as anyone could expect, Junior spent every night home alone. By Sunday, he'd slept without companionship eight nights since being discharged from the hospital.. Too much had happened in those rooms. They were stained dark with family history, and in

the night, when either Edom or Jacob slept under that gabled roof, the past came alive again in dreams. "What's this?" the man asked her, as Sinatra swooped through "Come Fly with Me." In retrospect, coming here wasn't a wise move. Evidently, the detective had been following him. Now, Vanadium would puzzle out a motive for this late-night graveyard tour. Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps-bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights. Indeed, as Celestina and the kid reached the foot of the steps to this second house, Bartholomew pointed, and the woman turned to look back. She appeared to stare straight at the Mercedes, though the fog made it impossible for Junior to be sure. If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor, Junior decided that they hadn't spotted him, after all. Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her. In the kitchen, he sat her in a chair and let her slump forward over the breakfast table. With her arms folded, with her head on her arms and turned to one side, she appeared to be resting. He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician. "What wound? Junior wanted to ask, but he recognized bait when he heard it, and he did not bite. The artist, six feet four and two hundred fifty pounds, looked markedly more dangerous in person than in his scary publicity photo. Still in his twenties, he had white hair that fell limp and straight to his shoulders. Dead-white skin. His deep-set eyes, as silver-gray as rain with an albino-pink undertone, had a predatory glint as chilling as that in the eyes of a panther. Terrible scars slashed his face, and red hash marks covered his big hands, as though he'd frequently defended himself barehanded against men armed with swords. His homely face was long and narrow, as though pulled into that shape by the weight of his responsibilities. In other circumstances, however, his generous mouth might have shaped an appealing smile; and his green eyes had in them the compassion of someone who himself had known great loss. As the nurse gave Junior the injection, Parkhurst said, "You're an exceptionally sensitive man, Enoch. That's a quality to be much admired in an often unfeeling world. But in your current condition, your sensitivity is your worst enemy." Besides, even before he had fully turned on his charm, before he had shown her that a ride on the Junior Cain love machine would make other men seem forever inadequate, Renee was so hot for him that it might have been wise to open a bottle of champagne to douse her when spontaneous combustion destroyed her Chanel suit. "Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?" She realized she hadn't turned on the radio. Before she could reach for the switch, she was asleep. Dusk had arrived, strangling the day, and the throttled sky hung low, as blue-black as bruises. The streetlights had come on. Gouts of red light from pulsing emergency beacons alchemized the rain from teardrops into showers of blood. So runs the water away, away. In a pew in Old St. Mary's Church, in Chinatown, Junior took delivery of the lock-release gun and the untraceable 9-mm pistol with the custom-machined silencer, as previously arranged. The church was deserted at ten o'clock in the morning. The shadowy interior and the menacing religious figures gave him the creeps. She knew that the front door was locked, too, because Wally had waited to hear the deadbolts clack shut. Nevertheless, she stepped into the hall, where the light wasn't on, walked quickly past Angel's bedroom, came to the entrance to the lamplit living room-and saw a man backing through the open front door, dragging something, dragging a dark and large and heavy rumped something, dragging a. "Six hundred ninety-five people were killed in three states. Winds so powerful that some of the bodies were thrown a mile and a half from where they were snatched off the ground." Through nine months of quiet panic, however, Phimie grew less rational week by week, resorting to reckless measures that endangered. The adoption records on Seraphim White's baby weren't sealed by law, because custody of the child was being retained by family. One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill of experiencing a new cultural phenomenon. His body ached, too, especially his back, from the battering that he had taken. He remembered hitting the floor with his chin, and he supposed that he might have gotten knocked about the face more than he realized or remembered. If so, there would be bruises soon, but bruises would fade with time; in the interim, they might make him even more attractive to women, who would want to console him and kiss away the pain-especially when they discovered that he had sustained his injuries in a brutal fight, while rescuing a neighbor from a would-be rapist. Although the girl was unable to articulate why she preferred not to have her mother at her side, they all understood the tumult in her heart. She couldn't bear to subject her gentle and proper mother to the shame and embarrassment that she herself felt so keenly and that she imagined would grow intolerably worse in the hours or days ahead, until and even after the birth. Uncle Jacob, cook and baby-sitter and connoisseur of watery death, cleaned off the table and washed the dishes while Barty patiently endured a rambling postbreakfast conversation with Pixie Lee and with Miss Velveeta Cheese, whose name wasn't an honorary tide earned by winning a beauty contest sponsored by Kraft Foods, as he had first thought, but who, according to Angel, was the "good" sister to the rotten lying cheese man in the television commercials. "I'm captivated more by painting than I am by most dimensional work," Junior explained. "Really, the only sculpture I've acquired is Poriferan's." Besides, he didn't want the police in San Francisco to know that he'd been suspected, by at least one of their kind, of having killed his wife in Oregon. What if one of the locals was curious enough to request a copy of the case file on Naomi's death, and what if in that file, Vanadium had made reference to Junior waking from a nightmare, fearfully repeating Bartholomew? And then what if Junior eventually located the right Bartholomew and eliminated the little bastard, and then what if the local cop who'd read the case file connected one Bartholomew to the other and started asking questions? Admittedly, that was a stretch. Nevertheless, he hoped to fade from the SFPD's awareness as soon as possible and live henceforth beyond their ken. With the same surprising ease that she had gotten a plane out of San Francisco on a one-hour notice, Celestina booked two return seats on an early-evening flight from Oregon, as though she had a supernatural travel agent. folded over his too-tight shirt collar, and with a second chin more prominent than. Her lifelong optimism, her buoyancy, which she had miraculously sustained through so many difficult years, would never survive this. She would no longer be a rock of hope for him and Edom. Their future was despair, undiluted and unrelenting. Without using his flashlight,

depending only on the moon, he ascended through the cemetery to the service road. Fully clothed, she lay atop the bedspread. She intended to listen to a little classical music before brushing her teeth...glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it. Posing as a counselor with Catholic Family Services, he phoned each listed Bartholomew, with a question related to his or her recent adoption. Those who expressed bafflement, and who claimed not to have adopted a child, were generally stricken from his list. Junior lifted the pattie with a fork, found no quarter under it, and put the meat on one half of the bun. He constructed the sandwich from these fixings, added ketchup and mustard, and took a great, delicious, satisfying bite. After a while, he dared to crack his eyelids. Pressing against his eyes was a blackness as smooth and as unrelenting as any known by a blind man. Not even a ghost of light haunted the night beyond the window, and the slats of the venetian blind were as hidden from view as the meatless ribs under Death's voluminous black robe. He'd listened to the message and thought it incomprehensible, of no import. Suddenly, tardy intuition told him that it could not have been any more important to him if it had been dead Naomi calling from beyond the grave to leave testimony for the detective. "I only told you about that," said Grace, "because it was a very handsome shirt, and I thought you might want to get one for Wally." Maria, puzzled but cooperative, left the room as instructed, and Barty removed the correct book from the stack on the table, without anyone's guidance. He sat in the armchair at his mother's side and began to read. Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you. "It's partly that," she agreed. "But originally, Daddy wanted Phimie to tell, so the man could be charged and prosecuted. Though he's a good Baptist, Daddy isn't without a thirst for vengeance." He summoned enough courage to approach the nightstand. His hand trembled. He half expected the quarter to be illusory; to disappear between his pinching fingers, but it was real. Finally Vanadium said, "According to the lab report, the baby she was carrying was almost certainly yours." Finally, only thirty miles south of Spruce Hills, he reluctantly acknowledged that slow deep breathing, positive thoughts, high self esteem, and firm resolve weren't sufficient to subdue his treacherous bowels. He needed to find lodging for the night. He didn't care about a swimming pool or a king-size bed, or a free continental breakfast. The only amenity that mattered was indoor plumbing. Ten months later, he finally wore her down. She accepted his proposal, and they set a date for the wedding. Twice during dinner, he seemed to draw near The Subject, but then he circled around it and flew off, each time to report some news of little relevance or to recount something funny that Angel had said. "I'm not saying there's anything wrong with it, you understand," Neddy whispered with a sort of fierce conciliation, "but I'm not gay, and I'm not interested in teaching you the piano or anything else. Besides, after the stories Renee told about you, I can't imagine why you think any friend of his ... hers would get near you. You need help. Renee is what she is, but she's not a bad person, she's generous and she's sweet. She doesn't deserve to be beaten, abused, and ... and all those horrible things you did. Excuse me." After undressing for the night, he sat on the edge of the bed for a while, rubbing the coin between the thumb and forefinger of his right hand, brooding about Thomas Vanadium. He tried rolling it across his knuckles; he dropped it repeatedly. Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty. must either change her mind or commit herself to a more difficult and challenging life than any she had envisioned only this morning. Spinning off the stool, the bun cap in one hand and the mustard dispenser clutched in the other, Junior surveyed the long narrow diner. Looking for the maniac cop. The dead maniac cop. He half expected to see Thomas Vanadium: head crusted in blood, face bashed to pulp, caked in quarry silt, and dripping water as though he'd climbed out of his Studebaker coffin just minutes ago. He preferred to venture inside the house while some lights remained on. He didn't want to be reduced to creeping stealthily in the dark through strange rooms: The very idea filled his guts with shiver chasing shiver...too quiet and too patient to be the living-dead incarnation of a murdered wife. This was a predatory silence, an animal cunning, not a supernatural hush. This was the elegant stillness of a panther in the brush, glimmered along the barrel of a hypodermic syringe in the hand of the paramedic. Grace and Celestina fell at once into the rhythms of kitchen work, not only brewing the coffee, but also helping Agnes with the pies. Tom Vanadium, on the other hand, was certain that Cain, having prepared for the possibility that something would go wrong during his assault on Celestina, wouldn't be easy to locate or to apprehend. In Vanadium's view, the maniac either had a bolt-hole waiting in the city or was already out of the SFPD's jurisdiction. They were in the rain, the solid-glassy-pounding-roaring rain, every bit as much as Gene Kelly had been when he danced and sang and capered along a storm-soaked city street in that movie, but whereas the actor had been saturated by the end of the number, these two children remained dry. Tom's eyes strained to resolve this paradox, even though he knew that all miracles defied resolution. Celestina White was the center of attention, always surrounded by champagne-swilling, canape-gobbling bourgeoisie who would have been shopping for paintings on velvet if they'd had less money. He smiled and shrugged. "I used to be a fisher of men. Now I hunt them. One in particular." Standing near the foot of the bed in a shapeless blue suit, Vanadium might have been the work of an eccentric artist who had carved a man out of Spam and dressed the meaty sculpture in thrift-shop threads. Instead, he encountered an elderly woman getting out of a red Pontiac with a fox tail tied to the radio antenna. A quick glance around confirmed that they were unobserved, so he clubbed her on the back of the head with the butt of his 9-mm pistol. Slow deep breaths. Per Zedd, slow deep breaths. Any state of anxiety, regardless of how powerful, could be ameliorated or even dissipated. "Water can break?" Maria asked, looking toward the faucet at the kitchen sink. She sighed. "I have so much to be learned." This was a California live oak, green even in winter, although its leaves were fewer now than they would be in warmer seasons. The elaborate branch structure, reflected around him, was an exquisite and harmonious maze overlaying a mosaic of sunlight green on grass, and something in its patterns suddenly touched him, moved him, seized his imagination. He felt as if he were balanced on the brink of an astonishing insight. LEFT HAND ON the banister, right hand with knife tucked close to his side and ready to thrust, Tom Vanadium climbed cautiously but quickly to the upper floor, glancing back twice to be sure that Cain didn't slip in behind him. 2000, the Year of the Dragon, gives way

without a roar to the Year of the Snake, and after the Snake comes the Horse. Day by day the work is done, in memory of those who have gone before us, and embarked upon work of her own, young Mary is out there among you. For now, only her family knows how very special she is. On one momentous day, that will change..Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along..From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future..Heinlein dreamed of traveling to far worlds. Prior to his death, John Kennedy had promised that men would walk on the moon before the end of the decade. Barty wanted nothing so grand, only to read a few stories, to lose himself in the wonderful private pleasure of books, because soon each story would be a listening experience only, no longer entirely a private journey.
