"Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hm. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. Now, do you like the news I bring you?".arrived. Licky had left Otter outside sitting in the sun rather than in the room in the barracks..Medra had been thinking, once again, and still unavailingly, how he could leave Havnor at once and unnoticed, when the wizard came..still gangs of robbers on the roads. So Ivory left Westpool on the big wagon pulled by four big."Isn't it?".him, stroke him, and he purred louder; behind him flashed another pair of eyes, another lion, no..It's high time I found that fellow, I thought. She was eyeing him, but not for long, and not meeting his eyes. Like an animal, like a cat, she was, sizing him up but not challenging. There was a cat, a big grey, sitting on his four paws on the hearth gazing at the coals. Irioth accepted the bowl and spoon she handed him and sat down on the settle. The cat jumped up beside him and purred.."I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the.engulfingly soft, as everywhere. And when Irian looked away from the world like that, she seemed to enter that place or time or being beyond herself, utterly beyond Rose's knowledge. Then Rose feared her, and feared for her..I jumped back; the possessor of the voice, the fat one with the cap, appeared. I went to.bald. Her joints were swollen knobs in her bone-thin limbs. Wizards are used to overweening confidence in the young of their kind. They expect modesty to come later, if at all. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And then, because this boy, this soft-headed, spoiled, moony boy had endeared himself to Hemlock by his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a wizard to teach

you what you need. Of course you need what I can teach you. You need the names. The art begins and ends in naming. But that's not your gift. You have a poor memory for words. You must train it diligently. However, it's clear that you do have capacities, and that they need cultivation and discipline, which another man can give you better than I can." So does modesty breed modesty, sometimes, even in unlikely places. "If you were to go to Roke, I'd send a letter with you drawing you to the particular attention of the Master Summoner." Time passed as always in the Grove, not passing at all it seemed, yet gone, the day gone quietly by in a few long breaths, a quivering of leaves, a bird singing far off and another answering it from even farther. Irian stood up slowly. She did not speak, but looked down the path, and then walked down it. The four men followed her..full of shame and rage and vengefulness..Dulse had seen young men weep for joy at the birth of a first son. He had seen poor men pay the larder, ate an apple quickly because he was hungry, and took his staff. It was yew, bound at he was hungry most of the time. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last..at all. These were words he wanted but had not expected to hear. He took the young man's arm, wizardry was an honored art, conferring status and power, while witchery was an unclean and..After a pause Ivory said, "That old weatherworker says all this?"
