"Have you heard the news from the surface?" he inquired as he stacked the plates and brushed a few breadcrumbs into a napkin with his hand..Apparently some of Padawski's friends had the idea that the Chironian women were among the things that could be had for the taking on Chiron, and two of them had persisted in pressing lewd advances upon the two girls at the bar despite their being told repeatedly and in progressively less uncertain terms that the girls weren't interested. The soldiers, who had been drinking heavily, became angry and even more unpleasant, paying no attention to dour warnings from around the room. An argument developed, in the course of which Ramelly grabbed one of the women and handled her roughly. She produced a gun and shot him in the leg. There would probably have been no more to it than that if Wilson hadn't seized the gun and turned it on the Chironians who were about to intervene, at which point another Chironian had shot him dead from the back of the room..rased. "If you must know, I like working cards." "You mean tricks?" Shirley seemed interested. "I can do tricks, sure." "Are you good?".Kath touched a code into the compad, and at once the large screen at one end of the room came to life to reveal head-and-shoulder views of six people. The screen was divided conference-style into quarters, with a pair of figures in two of the boxes and a single person in each of the other two, implying that the views were coming from different locations. Kath noticed the concerned look that flashed across Bernard's face. "It's all right," she told him. "The channels are quite secure..Marcia Quarrey, the Director of Commerce and Economic Policy, didn't look too happy at the suggestion as she sipped her cocktail. "Obviously that would be possible," she said, setting down her glass. "But would it serve any useful purpose? The contingency plans were made to allow for the possibility of opposition. Well, there hasn't been any opposition. What's the sense in throwing good business and growth prospects away by provoking hostilities needlessly? We can acquire Franklin simply by walking in. We don't have to make a demonstration out of it."."Yes, dear, who did he whack?" Aunt Gen asked with bright-eyed interest. Colman asked hoarsely..but one: If you counted snakes an asset, then not merely a single serpent lurked within this foliage, but a.With all public bars having been put off-limits to the Mayflower lfs soldiers after the shooting, the party couldn't have come at a better time, Colman reflected as he leaned against the bar and nursed his glass while gazing around the room. Swley and Stanislaw were behind him in a corner with a mixed group of Chironians and seemed interested in the planet's travel facilities; Sirocco was with another group in the center of the room discussing the war news with another group, and Maddock, looking slightly disheveled, was sprawled along a couch in an alcove on the far side with his-arm draped around Wendy, another girl from the Mayflower II, who seemed to be asleep. It was especially nice to get away from the political row that had been splitting the Mission into factions ever since the morning after the shooting. Kalens wanted to impose Terran law on Franklin, Lechat wanted everybody to move to Iberia, somebody called Ramisson wanted to disband Congress and phase into the Chironian population, and somewhere in the middle Wellesley was trying to steer a course between all of them. At one extreme some people were ignoring the directive to remain in the Canaveral area and moving out, while at the other some were supporting Kalens by staging anti-Chironian demonstrations with demands for a get-tough policy. Padawski and the group who had been with him at The Two Moons, including Anita, were being confined to the military base at Canaveral pending a hearing of the charges of disobeying orders and disorderly conduct. In addition Ramelly had been charged with assault, and Padawski with failing to uphold discipline among members of his unit as well as with publicly issuing threats. The threats were the main reason for Padawski's group being confined to base, since some politicians were worried about possible reactions from the Chironians if they were allowed out and about. Colman couldn't see any risk of retaliation, since none of the Chironians that he had talked to attached any great significance to the incident. He only wished more of the politicians would see things the same way instead of blowing the incident out of proportion to suit their own ends. If they had stayed out of the situation and left the Army to deal with its own people in its own way, the whole thing would probably have been forgotten already, he thought to himself.."Then I held poor scared thingy a long time in the dark, the two of us here on the bed, and after a while.open to admit a draft, but the August day declined the invitation to provide a breeze..To reach the stairs, he will need to pass their bedroom door, which he unthinkingly left open. In the dark, as the big Windchaser begins to move, Curtis sits on the bed and feels along the base of it. Even as the last of the cracked plastic and the shattered glass from the headlamp rang and rattled against. You have this kind of pride. Honor, he called it. But these days, honor is for suckers, and that makes you falter, faded, vanished. "No mother anywhere," she repeated softly, but to Micky this time. "That's." The tires will probably be slashed," he told the auto-club woman, "so send a flatbed instead of a. Over at the table where Celia and Jean were sitting, Marie, who had been listening silently without understanding a lot of what was being said, looked up inquiringly at her mother. Jean smiled and squeezed her hand reassuringly. To the faithful canine, the boy says, "Stay here, girl. I'll be back soon." hopelessness was the result, perhaps the burning away of illusions wasn't so desirable, after all. "Oh, I dunno---some of the things you said, maybe." The young fugitive drops flat to the pavement and slips under the trailer, and the dog crawls beside him. The room responded with murmurs of amazement, but most of those present didn't realize the significance. Beside Colman, Celia and Lechat were staring, and from the platform Sirocco was directing an inquiring look in their direction. Celia turned her head to look at Colman. "I don't believe this," she whispered. "Who is that corporal?": forward lounge, and a gray wash of secondhand light spills all the way to Curtis. an IQ of one eighty-six?". Celia gave her a reproachful look. "Oh, come on... you know that was just a diversion. I haven't seen him for a while now, but then, everyone has been so busy. Finished? Not really . . . who knows?" She got the feeling that Veronica had not raised the subject merely through idle curiosity. She was right. The farmhouse is silent, and the finger-filtered beam of the flashlight reveals no one in the upstairs hall. becoming too much like a dog, wild and given to rash action. Colman looked at his watch. The Chironians would pay for it, just as everyone else who had crossed his path or tried to make a fool of him had paid eventually. They would pay the moment someone offered resistance when his troops moved into Franklin His orders were quite explicit. JEAN FALLOWS WAS beginning to hate Chiron, the Chironians, and everything to do with the lawless, godless, alien, hostile place. After twenty years of the familiar day-today and month-to-month routine of life aboard the Mayflower li, she missed the warmth and protectiveness that she had grown to know and yearned to be back amid the sane, civilized surroundings that she understood. She understood a way of life in which budget and necessity decided priorities of need, in which clear rules set limits of behavior, and where tried and trusted protocols defined role and function-her own as well as everybody else's; she did not understand, or even want to understand, the swirling ocean of anarchy in which she now found herself, in which individuals were expected to flounder helplessly like paper boats tossed in a tempest, with no charted shores, no havens of anchor, and no guiding stars. She had no place in it, and she desired no place in it. Secretly she dreamed of a miracle that would turn the Mayflower li around and embark her on another twenty-year voyage, back to Earth. you're in." Communications round-trip delay to Chiron, twenty-two seconds. Formal arrangements for reception procedures still not concluded. Chironians handling communications claim they have no representative powers, and that nobody with the qualifications specified exists. Mayflower II's defenses brought to combat readiness. Released, they. Colman stared at Celia for a few seconds longer. He still didn't know why Celia should have been so anxious to get away from Stern or why she should have been in any danger. Life couldn't have been much fun with somebody like Howard, he could see, so the thought of her gravitating toward a strong, protective figure like Stern wasn't so strange. And it didn't seem so unnatural that she should have stayed near Stern after Howard was killed. In such circumstances it would have been normal to provide her with an escort down to the surface too, for her own security; but having her watched all the time and not allowing
